Reference: FCC Docket Nos 96-45, 98-171, 90-571, 92-237, 99-200, 95-116, 98-170  
and NSD File No. L-00-72.

Dear FCC:

this is not far. the people that use these phones are people that can afford big payments each month so that's why they have these phones and now you want them to pay more for it. give me a break you already have enough money!!! these phones are mostly used for emergencies...

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,

corey
